Guidelines\_UREG\_2015 Entry\_10Sept2015.pdf;

Dear Year 4 students,

Further to email below, I am sorry to inform you that you are not eligible to receive UREG for the period from 1 January to 31 December 2019.

According to guidelines attached, each qualified student is awarded an UREG of the amount HK\$20,000 for research-related activities per year **up to three calendar years** (1 Jan – 31 Dec). For students admitted in Sept 2015, the UREG had already been granted in three calendar years (i.e. **Jan 2016 - Dec 2016**, Jan 2017 - Dec 2017 and Jan 2018 - Dec 2018). Therefore, the Department will not provide additional grants to graduating students in Term 2.

Please accept my apologies for the mistake.  
Thank you for your attention.

Best Regards,

*Stephanie Chan*

**Subject:** Undergraduate Research Experience Grant (1 Jan - 31 Dec 2019)

Dear Students,

After reviewing your Term Major GPA in 1<sup>st</sup> Term of 2018-19, I am glad to inform you that you are offered Undergraduate Research Experience Grant (UREG) of HK\$20,000 (covering expenses of research activities organized or approved by the Department of Physics) for the period from 1 January to 31 December 2019.

The entitlement of your scholarship may be changed, withdrawn, or requested to be repaid, if you change your programme of study or withdraw from the University.

Should you have any enquiries, please let me know.  
Thank you.

Regards,

Stephanie Chan
